

DAMAK VARSHNEY

AI-Driven Business Transformation Leader

Gurugram, India | damak.varshney@email.com | linkedin.com/in/damak-varshney | damak-varshney.vercel.app

POSITIONING

I architect intelligent systems that eliminate operational friction across financial services. My work combines technical build depth, financial-domain judgment, and enterprise adoption discipline to turn AI strategy into measurable operating impact.

16+	5	1,500+	55%	70%+
FTE SAVINGS	AI PRODUCTS	USERS	FASTER KYC	SELF-SERVICE

CASE STUDY SNAPSHOTS

NEXUS - Resourcing Intelligence Before: 150+ offline spreadsheets and delayed planning. After: Unified heatmaps and predictive capacity modeling. Impact: 80%+ adoption across 1,500+ users.	Dot & ODA - AI Knowledge Assistants Before: Routine client queries manually answered by support. After: Salesforce RAG assistants with cited knowledge. Impact: 70%+ self-service and 4+ FTE savings.	KYC Automation - Digital Onboarding Before: 18-day manual checklist and compliance cycle. After: AI-assisted extraction and registry screening. Impact: 55% faster onboarding with audit traceability.
